

**The Jardine Foundation Scholarships 2020  
for Postgraduate Studies at the Universities of Oxford and Cambridge**

**Guidelines**

**Introduction**

To mark its 150th Anniversary in 1982, Jardine Matheson established an educational trust, The Jardine Foundation to provide scholarships.

The Foundation in its discretion awards Jardine Scholarships annually to students to enable them to attend educational establishments, primarily selected colleges at the University of Oxford and the University of Cambridge (the 'Universities') in the United Kingdom.

The Foundation aims to assist scholars who have the potential to become outstanding citizens with a high commitment to the community. Consequently, the selection of candidates is based on a number of criteria, which include academic achievement and academic potential, leadership qualities, and involvement in non-curricular activities and community affairs.

The Foundation is seeking applications from postgraduate students who have been provisionally accepted at either of the Universities and will be resident in one of the Foundation's preferred Colleges. Applications must be made through the Preferred Colleges.
